

Weather-proof Lossnay housings

A range of weather-proof housings have been designed to enable outdoor installation of the Mitsubishi Electric Lossnay RX5 mechanical heat recovery ventilation range to be installed either on the roof or at ground level.

Mitsubishi Electric's Lossnay total heat exchangers allow the extraction of stale air and efficient recovery of heating or cooling energy to treat incoming fresh air. Whatever your environment it's simple to improve it with Lossnay.

The weather-proof Lossnay housing is ideal for any application where indoor space is limited or restrictive.

Key Features

- IP43 rated
- High quality galvanised steel construction
- Powder coated paint
- Simple to construct in situ
