

## 2.2 DIMENSIONAL DATA

(Unit: mm)

## 2.3 SPECIFICATION

| Model  | PSC-A64GT  |
|--|--|
| Outer Dimension<br><W x H x D + (Built-in Part)> | 250 × 170 × 25 + 55 (mm)   |
| Net Weight                                       | 1.5 kg (Approx.)   |
| Installation Location                            | Indoor   |
| Installation Method                              | Wall Built-in with JIS Switch Box for 4 Switches (with cover)<br>(JIS C8340) |
| Connected Indoor Unit (Q'ty)                     | 160 (Max.)   |
| Clock Accuracy                                   | ± 70 Seconds/Month (at Normal Temperature)                                   |
| Ambient Temperature                              | 5 ~ 35°C   |
| Ambient Humidity                                 | 35 ~ 90% (No Dew Condensation)   |
| Display  | 8.5" TFT Color Liquid Crystal Display (800 x 480 dots)                       |
| Rated Power Supply                               | 1Ø, AC 100~240V, 50/60Hz   |
| Electrical Power Consumption                     | 30W (Max.)   |
